JOINT PRESS RELEASE – FOR IMMEDIATE RELEASE
April 1, 2020

Essential Travel in Calaveras County

In accordance with the Governor’s Stay at Home order and the statement from Calaveras County Sheriff Rick DiBasilio made today, the Calaveras County Office of Emergency Services in partnership with the City of Angels is requesting visitors to Calaveras County suspend travel plans until the State order is lifted. Honoring this request will assist us in protecting our vulnerable populations, mitigate the impact to our rural healthcare system, and ultimately help contain the spread of COVID-19.

All Calaveras County and City of Angels hotels, lodges, bed & breakfasts and vacation rentals are closed to visitors. Recreation areas have been closed and access to parks, forests, and waterways are closed under the order. Parking lots and restrooms are closed. Please do not park illegally or try to access the closed areas.

We acknowledge that some travel is essential to ensure the supply chain and necessary services are maintained. For those that travel into the area, please limit activities necessary to fulfill the essential purpose of your visit and adhere to all local and State guidelines that are being issued regarding COVID-19.

We appreciate your cooperation and look forward to welcoming you back to Calaveras County and the City of Angels in the future.
